

Safe Families Are Stable Families

The Problem:

Ohio's Shattered Safety Net Keeps Families from Breaking Out of the Cycle of Domestic Violence and Poverty

The Solution:

Invest in all of Ohio's Families and ensure that those affected by domestic violence have the ability to lead happy, healthy and safe lives.

Call to Action:

We are calling upon Ohio's elected leaders to enact clear statewide guidelines to ensure that families can break the cycle...because safe families are stable families
